## Not So Spooky News

All Work and No Play is Just No Fun

This newsletter and the following 2011 Program One newsletters will focus on fun for the Holidays. While each of us at Program One are working hard for a strong finish in this year's last quarter we want to share our experiences as regular people doing regular things. Believe it or not we do take some time off now and again.

We hope you can also find time off to share these types of experiences with your loved ones. Keep an eye out for our Program One pumpkin carving contestant entries and winners!

### Stop and Smell the Pumpkins

Take some time to visit Richardson Farms in Spring Grove IL. [richardsonadventurefarm.com/](http://richardsonadventurefarm.com/). Tour the world's largest corn maze, ride the zip line or giant orb ball, see some pig races, and pick a pumpkin. They'll get you for a couple bucks but it's worth it. Just look at the joy it brought little Kevin Coronado as he lifts the 20lb pumpkin that he picked out for himself. Ahh, love at 1st site. Too bad were gonna carve this baby up!

### Go Peanuts!

Anyone remember these guys? Nicolas Pintos' son and two daughters got a chance to take some pictures with the stars from the Charlie Brown cartoon series while they visited Goebbert's Farm in South Barrington. [www.pumpkinfarms.com/SBarrington.html](http://www.pumpkinfarms.com/SBarrington.html). Apparently there are pig races there too in case you can't make it to Spring Grove.

If the weather doesn't pan out, stay home and watch It's The Great Pumpkin Charlie Brown. Personally, I can't wait to sit down with my boys and watch this movie again.

### Haunted Hay Ride Anyone?

Jason Konieczny and his family took a ride on the haunted Hay Ride hosted by the Wonder Lake Water Ski Show Team in McHenry IL. [www.wonderlakeskiteam.org/PDF/HayrideFlyer2011.pdf](http://www.wonderlakeskiteam.org/PDF/HayrideFlyer2011.pdf). It's not too late to get out and see this one. Not only will you have a good time but also a portion of the proceeds from this event goes to local charities.

### A Safety Message

What kind of Program One newsletter would this be without a message about safety? That's right, safety 1st applies to work and play. When you're out on the 31st begging door to door for candy disguised as a little kid, remember to use a little caution. Use a flashlight or maybe one of these fancy glow sticks to make sure drivers can see you. You wouldn't want to get hit by a car and spill your candy bag all over the street would you?

**Have a fun and safe Halloween!**
